Profitable Meeting In Half Century.

GREAT ADVANCE IN **EDUCATIONAL WORK**

The Reports On Woman's Work a Leading Feature of Day's Session-Memorial Service in Honor of the Deceased Mem-

(Special from a Staff Correspondent.) CHARLOTTESVILLE, VA., November 26.-This was closing day of the eightyannual session of the Baptis General Association of Virginia, which in all respects has been the greatest and profitable annual meeting the Baptists have held in a quarter, perhaps t half of a century. This is the verdict

of all the older members. All the reports from the boards, from he treasurer and from the district asciations show that the work of the de nomination has advanced in the past year wonderfully. The advancement slong the lines of educational effort is especially noticeable. The new educational energy which is tingling in the veins of all Virginia is bubbling very largely in the Baptist veins. These bright and encouraging reports and statistics created an enthusiasm that found expression not only in the speeches made, but in all the decisive action taken by the bedy, action that anticipates even has advanced in the past erfully. The advancement

but in all the decisive action taken by
the body, action that anticipates even
greater things for another year and the
years to come.

The features of the closing day—the reports on woman's work, a great speech
by Rev. Dr. Tampey on the work of the
Southern Baptist Theological Seminary,
the reception of the fraternal messenger
from the Methodist Conference of Virginia, a memorial service in honor of deceased ministers, and the reports of delegates to the World's Taptist Congress. Fraternal Messenger.

W. Smith, of Lynchburg, the ges and schools, was introduced body as a fraternal messenger of Virginia Methodist Conference, in session at Danville. In a speech characteristic of the Smith laid much emphasis upon the that united action upon the part of the Christians of Virginia of all denominations can accomplish wonderful things that may not be so readily accomplished by separate action. At the recent session of the Presbyterian Synod. held in Richmond, a committee on Sabbath Observance was appointed, whose special duty it is to make effort to have the railways in Virginia to discontinue the running of freight trains and excursion trains on Sunday.

To Stop Sunday Trains.

Methodist Conference at Danville ted a like committee, of which appointed a like committee, of which Dr. Smith is chairman, and his practical mission as fraternal messenger to the General Association was to suggest the appointment of the committee to act with the Presbyterians and Methodists in carrying out the work of securing more strict observance of the Sabbath. The plan, as explained, is to first prevail with the railway officials, and, if this fails, then go before the Legislature of the State. The association promptly passed a resolution approving the work proposed. The association promptly passed ution approving the work propose, ppointed William Ellyson, Judg Moffett and Rev. R. B. hodies.

President William Ellyson was elected messenger to the General Baptist Convention of North America. The afternoon session of the association was a membrial service. Tributes were read to the memory of Rev. J. W. Ryland, Rev. J. W. Ward, Rev. S. C. Clopton, D. D. Professor R. H. Rawlings and Rev. John Lamb. A number of short procedure research. Professor R. H. Rawlings and Ray, Join Lamb. A number of short speeches enjoying the deceased ministers named above. The song service at this meeting was a pleasing and tender feature of the service. It was conducted by the choir of the First Baptist Church of this city. The beautiful, tender service was concluded with the singing of the hynn, "In the Sweet Bye and Bye."

The first fifteen minutes were inken up with routine business, and the treasurer's books and exhibit were reported upon by the Auditing Committee. This was a formal matter, the committee simply reporting upon the well kept books of the treasurer.

The Committee on Co-operation made a full report, which furnishes some interesting statistics concerning the work of the Baptists in the State. The report urges all the churches to use the blanks sent out by the committee, so that accurate statistics can be made up from year to year.

curate statistics can be made up from year to year.

The report says: "The total amount received from all of the churches for the year ending October 31st is \$121,721,17, an increase of \$7,303,90 over last year. When we take into consideration the fact that last year we received by special donations \$1,500, we find the actual increase in the contributions from the churches to be \$11,893,99. The increase is distributed between several boards as follows:

In your speeches you precline to see you; nor would there in any event be the slightest point in sach an interview. In your speeches you pretended to quote from memory certain statements made in the course of a long conversation occurrying nearly a year previous. You quoted portions of what I said—even as to those portions, your language was inaccurate and all the context suppressed. As a result you as completely interpresented me as in the sentence of the present letter which I quote above. It matters little whether this was due to a deliberate parpose of deception, or to a lack in both your companions and yourself, of a nice sense of propriety and of the power of exact thinking and of correct apprehension and representation of what was said. In either event I feel that It would serve no useful purpose again to see you or further to correspond with you."

knox, the fate of Henry Miller and Gus Clinder, who went on an expedition to Tiburon Island, in the Gulf of California, nearly a year ago, is probably disclosed. On the desolute shores of the Gulf of California, near a deserted Indian village, a herder found the trappings of Miller and Olinder, a book of nautical science which belonged to Olinder, and a pair of dried human hands, which may have been those of one of the men.

A few feet away was found the charted remains of a huge feast fire and circles of an Indian war dance. It is believed the men were slain by hostile indians who inhabit that portion of Lower California.

The discovery of relies of the Miller and Olinder party was made in connection with the search now conducted by Professor E. P. Grindell, of Arizona, for his brother, Lieutenant Grindell, who was lost on the penisarda.

Typographical Union, v. The hearing was upon a motion made by the defendants to dissolve the preliminary restraining order awarded the plaintiffs on the 21st of October, 1965. In addition to the verified bill of complaint and the affidavits filed with it, the plaintiffs have read several other affidavits. The defendants have filed and read their answer and a number of affidavits.

What They Charged.

The bill charges certain acts of interference on the part of the defendants with the business of the plaintiffs and their present employes to the great injury of the plaintiffs, through the officers and members of their union, have in every way, sought to annoy, hound, interfere with, entice away, purchase and bribe the present employes of the plaintiffs so as to get these employes to leave the plaintiffs and to quit work.

It charges that, at the time the defendants made these efforts to get these employes away from the plaintiffs, it was well known to the defendants that the employes were in the service of the plaintiffs. It charges that the defendants, with intent to cripple and destroy the business of the plaintiffs, have illegally conspired and combined to prevent the

'Arrowfield" Methodist church (the new church in its place near by known as 'Ivey Memorial"), was burned by fire caused by some small boys firing the woods adjacent. This old church was kept as wood-house for the new, and was in the thickest of the battle fought there in the civil war, and was riddled by bullets. It was a trophy of what a war is, and it is a loss, historically, as well as a convenience for the new church. Forand it is a loss, historically, as well as a convenience for the new church. Fortunately the new church was sufficiently at a distance and in a clear place, so as to escape the fire. Mr. W. G. Some people will leave this place tomorrow afternoon to hear the noted Charles T. Russell preach at the Masonic Temple to-morrow night, on the subject of "To Hell and Back."

Brief speeches were made by Mr./ M. Umstadter, president of the Retail Merrohants' Association of Norfolk, and Mr. J. R. Sprague, president of the association in Newport News. Both of these gentlemen described the operations of the organization, which they declared to be an unqualified success. Its objects were set forth to be in general reform

and Nawport News, and had in a brief time accomplished much. Through the influence of the organization the merchants had attained a power in the community second to none, and had, in fact, become in a sense a controlling factor in municipal affairs. The credit system adopted guarded the members from frauds and other steps taken, possible only by combination, had enlarged the bounds of the trade and increased the prosperity of the merchants.

Each of the speakers referred to the "fake advertising," and asserted that the protection from it afforded by the associations in Norfolk and Newprt News was the most important benefit derived from the organization. Attention was called to the plan adopted. The association in each city has adopted an ironclad resolution that "all members shall refuse to advertise on or in anything unless the proposition has the approval of the Board of Directors, with the exception of the regular newspapers, street cars, billboards and theatre programmes." In Newport News the proposition has to be passed upon by the association as

"When the lady chairman of a church committee or anybody else comes to us, said Mr. Umstadter, "and tells us that she is a good patron and we ought to advertise in the programme for a meeting or an entertainment, we say we arrivery, very sorry, but we can't do it until the Board of Directors has passed on the application. The application for permission is then made to the board and the board refuses to grant it, and so we don't advertise. Our merchants have been saved much money in this way."
